<b>Birth Date</b>	28-Jan-2005	<b>Sex</b>	Male	<b>Phenotype</b>	Huacaya
<b>Colour</b>	Medium Fawn				
<b>Sire</b>	Kaihere Ven Chura - MF (60299)				
<b>Dam</b>	Waratah Flats Paucar Juanita - (S)MF (60397)				
<b>Description</b>	<p>Waratah Flats Achilles is owned jointly by Waratah Flats Alpacas (Lynda Sides-Garland and Paul Garland) and Aquaviva Alpacas, and is offered for sale by both owners.</p> <p>Aquaviva Alpacas purchased a share in Achilles in 2008, attracted by his genuine fawn genetics and the longevity of micron on both his parents' lines. Waratah Flats Achilles has had a wonderful breeding career with us breeding many high quality alpacas. His best known Aquaviva progeny were Aquaviva Hermes and Aquaviva Cadbury, both of whom won numerous championships in both breed and fleece. Some of Achilles's progeny were exported to Europe, including a stud male exported to Germany.</p> <p>We are closing our commercial alpaca breeding operation and we would like to find suitable new owners for Achilles, who is still producing quality crias. Achilles would be ideally suited to a huacaya farm looking to strengthen their breeding programme by adding a proven fawn stud male at a closing down sale price.</p> <p>The price reflects Achilles's age. Studs of the quality and breeding of Achilles are not often offered to the market at this price level, so this is a good opportunity add value to your herd.</p>
